

Sathvik T Devadiga

Backend, Cloud Infrastructure, ML Systems

Email: devadigasathwik88@gmail.com | GitHub: github.com/sathvik-dvdg

LinkedIn: linkedin.com/in/sathvik-t-devadiga | Mangalore, India

Profile

Computer Science undergraduate focused on cloud-native backends, network security, and applied machine learning systems.

Selected Projects

GraphSentinel: GraphSAGE-based intrusion detection with FastAPI and Docker.

HVSApp: Healthcare hand-off validation using React Native, FastAPI, PostgreSQL.

Stress Monitoring Engine: Flask and OpenCV inference below 400ms per frame.

Task Manager: React and Node.js app with JWT, RBAC, rate limiting, MongoDB.

Skills

Python, Java, JavaScript, Node.js, Express, Flask, FastAPI, React, AWS, Docker, PostgreSQL, MongoDB, Redis, GraphSAGE, PyTorch Geometric, OpenCV, CI/CD.

Education

B.E. Computer Science & Engineering, Canara Engineering College, VTU. SGPA: 8.14.
